EDUCATION

Bachelor of Science in Computer Science (Sep 2023 – June 2027) American University of Sharjah (AUS), Sharjah, UAE

ACHIEVEMENTS

Recipient of AUS Merit Scholarship for five semesters (2023)

Recipient of AUS Endowed Maroun Scholarship for 2 semesters (2025)

WORK EXPERIENCE

Research Assistant position- JAN 2026- MAY2026 , AUS

- Gained hands on experience in machine learning and artificial intelligence working on real world problem formulation and analysis
- Learned the **end-to-end research process**, including literature review, research question formulation, experimentation, and **academic paper writing for publication**
- Decomposed complex real-world problems into smaller, solvable sub problems, enabling structured modelling and algorithm selection

REVELANT COURSE PROJECTS

- **CMP257 Web application programming: Designed and implemented a full-stack web application**, and developing back-end functionality using **Java** to support dynamic content and user interactions.

COMPUTER/LAB SKILLS

- C++, MatLab, Python, MS Office, Java, Assembly, Front/Backend (Javascript, HTML, CSS), Assembly Language , SQL (basics)

ADDITIONAL SKILLS

Soft skills: Research& Development, Team Management and leadership, Punctuality, Strong Writing Skills, Problem-Solving

Languages

English (Full professional proficiency), Urdu (Native proficiency), German (Elementary proficiency)

February 3, 2026

To Whom It May Concern

Subject: Internship Training for Undergraduate Computer Science Student

Name of Student: Sobia Adnan,

I.D.: @00100257

E-MAIL: g00100257@aus.edu,

TEL/MOBILE NO.:

I am writing this letter to solicit your help and support in arranging a practical training for the above named student at your organization during Summer 2026.

The College of Engineering at the American University of Sharjah, besides other engineering disciplines, offers a Bachelor of Science degree in **Computer Science**. As part of this program, the students are required to undergo practical training in computer science for a period of at least 8 continuous weeks. The goal of this practical training is to expose students to practical and industrial environment where they can gain hands-on-experience and learn how to apply their knowledge and skills in practical situations. The students have to submit a formal report upon the completion of their practical training.

In this regard, I would be grateful if you could support us by providing **Sobia** with an opportunity to perform **at least 8 weeks** of practical training between **2026-01-12** and **2026-08-21**. The practical experience **Sobia** will gain at your organization will certainly be valuable to complement the student's academic background with an understanding of engineering practices in the real world.

We only ask you to provide **Sobia** with guidance during the internship. If you can assist us in this effort by placing **Sobia** with your corporation, please contact me using the details below.

Thanking you and looking forward to receiving your reply at your earliest convenience.

If you have any question or need further information, please contact me.

Yours sincerely,

Kind regards,

Almira Zholamanova, azholamanova@aus.edu
